STATE Studio • Online - Curious Minds: ArtScience Monthly #13 - with Ann Cotten, IFK_Junior Fellow

2021-04-20 16:52

About this Event

What happens when two different minds interconnect and get to think about how they think? The ArtScience Monthly is about putting our curiosity into action and learning from one another via collective exchanges.

On April 20th, we'll exchange ideas and enjoy a moment of togetherness while gathering inspiration from the talks of our guests: Ann Cotten - writer, poet and researcher - and Thomas Susanka - the editor-in-chief of *Science Notes Magazin*.

Speakers: Ann Cotten, Thomas Susanka
