### Tagung "Universalsprachen, Kunstsprachen, Plansprachen" - Vortrag von Charles Gautier

Charles Gautier

Die Tagung fand in Kooperation mit dem Forschungsprojekt Isotype: Entstehung, Entwicklung, Erbe (P31500) des Instituts Wiener Kreis/Universität Wien in englischer und deutscher Sprache vom 18. bis 20. November auf IFK@Zoom statt. Charles Gautier hielt den Vortrag zum Thema "Jean Effel's Universal Writing Project"

Jean Effel's Universal Writing Project During this conference the concept of pasigraphy will be discussed. Charles Gautier will explain what this term means and present the reasons why he is interested in the concept. He will speak about the research he is carrying out at the University of Paris on the memory of radioactive waste. To understand and illustrate the notion of pasigraphy, Gautier will talk about the project of a French designer: Jean Effel. He will talk about the reasons why Jean Effel tried to create a pasigraphy and will try to make us understand the mechanics of his invention.
